

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Dear Family,

Your child is starting a unit in mathematics on patterning.

The Learning Goals for this unit are to

- Describe, extend, compare, and draw repeating patterns and increasing patterns.
- Create new patterns.
- Talk about a pattern rule.
- Use 2 attributes to make a pattern.

You can help your child achieve these goals by doing the Home Connection activities suggested at the bottom of selected pages.
